EMERGENCY PROCEDURES

Overnight, there is a radio located at the front desk with instructions which will be answered by our on-property manager during the hours that the front desk is closed.

MEDICAL EMERGENCY

If you are experiencing a medical emergency, always dial '9-911' from your room IMMEDIATELY before notifying in house staff.

In the event that you require other assistance while at TYAX, please notify the Front Desk personnel or the staff member closest to you.

FIRE EMERGENCY

Tyax Lodge & Heliskiing is equipped with a fire detection system.

Upon your arrival in your guest room, familiarize yourself with the location of exits and fire extinguishers. It is helpful to walk to each exit/fire extinguisher from your room and to choose a wall as a focus point while counting the doors on your way. This is particularly helpful to remember the distance and location of the exit/fire extinguisher in case either one needs to be found while it is dark or smoky. Additionally, please consult the fire evacuation chart on the back of your guest room door.

In the event of an emergency, the fire alarm will be triggered and an evacuation of the building is necessary. It is essential that you collect your room key and leave the room immediately closing the door behind you. Do not pack! Feel the entrance door with the back of your hand before opening it, if it is warm or hot Do not open the door. Dial "0" to connect to the front desk to inform them that you are unable to leave the room. Assemble at the west end of the parking lot, at the top of the hill, and await instruction. Do not return to the building until advised to do so.

TYAX LODGE & HELISKIING

HISTORY

Tyax Lodge & Heliskiing is one of Canada's largest log lodges, situated on the shores of beautiful Tyaughton Lake in the South Chilcotin Mountains of British Columbia. The lodge was built in 1986 by a group of Swiss entrepreneurs, their goal; to build a haven for outdoor enthusiasts to enjoy the beauty and tranquility of the South Chilcotin Mountains. In 1991, upon realization of the phenomenal winter terrain surrounding the lodge, TLH Heliskiing was formed, offering luxurious, all-inclusive heli-skiing packages for the powder hungry skier or snowboarder every winter since. Being separate entities in the past, Tyax Lodge & and TLH Heliskiing have since been joined, now forming one company and providing year round luxurious vacations for our guests.

Tyax Lodge & Heliskiing is nestled above peaceful Tyaughton Lake; the name stemming from the native Tsilhoqot'in language meaning "lake of jumping fish". A fitting name as you will literally see small fish jumping in the lake every day.

Along with the peaceful lake setting, Tyax Lodge & Heliskiing has become a Mecca for outdoor enthusiasts thanks to our sister company Tyax Adventures, with an endless trail systems providing some of the best alpine mountain biking routes, hiking trails, nature walks and horseback riding adventures British Columbia has to offer.

The South Chilcotin area was discovered by prospectors in the late 1800s and a gold rush soon ensued. The nearby towns of Gold Bridge and Bralorne had populations in the thousands back in their heyday but now less than one hundred recreationists and miners remain living in the towns. The gold rush floundered in the mid-1890s and most of the miners left, leaving an incredible legacy to the area; their packhorse trails covered the mountainsides and valleys leaving a vast trail network to be explored by outdoor enthusiasts and nature lovers alike.

UNLIMITED ADVENTURES

Each year Tyax Lodge & Heliskiing continually refines services offered to remain at the forefront of British Columbia's outdoor adventure industry. Great emphasis is placed on selecting the most qualified and enthusiastic individuals to produce a fun, challenging and most importantly a safe outdoor adventure experience in the comfort of full service lodge facilities.

NATURE & WILDLIFE AWARENESS

All of us here at Tyax share our immediate area with the wildlife that is so prevalent within the South Chilcotin mountains. While we appreciate your desire to share Instagram moments with your friends back home, please be aware that these truly are wild animals. Please do not feed any animals under any circumstances. Respect that this is their territory and that we are simply visitors to the lands they have been occupying for centuries. One bad encounter will spoil the experience for all visitors that will be coming behind you. Should you wish to walk anywhere around the property or on our interpretive trail, note that we have bear spray available should you wish to avail yourself to it. An inquiry at the front desk prior to wandering away from the immediate area would be wise in order to find out whether there are any specific incidents or occurrences that you should be made aware of.

At various times throughout our summer season and due to specific conditions, there may be fire or off road vehicle bans in place. Please inquire at the front desk about whether there is anything in effect while you are visiting Tyax.

THE WINTER EXPERIENCE

Tyax Lodge & Heliskiing operates in a transition zone between the Coastal Mountains and the dry rolling Fraser Plateau providing winter enthusiasts with the best of both worlds - magnificent mountains, an abundance of dry powder snow and plenty of sunshine. The annual snowfall in our region varies between 14-18 meters, with an average snow base of 3-5 meters throughout the winter.

To date, we count over 300 named and mapped runs in an area of 830,000 acres which compares to 200 times the size of Vail, Colorado or 10 times the size of Les Trois Valées, France.

Our off-piste activities include complimentary rentals of hockey skates and sticks for our ice skating rink, as well as snowshoes and cross country skis for exploring the frozen Tyaughton Lake and the surroundings.

THE SUMMER EXPERIENCE

Summer in the South Chilcotins is an adventure seeker's paradise. Explore the endless mountain ranges surrounding the lodge that are hosts to a wide spectrum of flora and fauna. As our guest, you will enjoy complimentary use of paddleboard, kayak and canoe rentals for exploring the lake and the shoreline. Please proceed to the front desk and fill out a liability waiver. Once completed, you may go into the gift shop to collect a paddle for your preferred watercraft. There are different sizes of life jackets (adults & children) available by the dock and must be worn at all times when on the lake. Please be aware that there is no lifeguard on duty.

Our easily accessible interpretive trail is located on the east side of Tyaughton Lake and contains informative signs about animal species that you may spot in the area. You may also have fun with your friends and family with our selection of lawn games. Please see the front desk for game rentals and directions to our interpretive trail.

For the more adventurous, our sister company Tyax Adventures offers mountain bike tours, floatplane trips, horseback riding & hiking tours and nature walks. There is also a great deal of local activities for you to enjoy, including golfing, visiting the Bralorne Museum or the beautiful Gun Lake area. Please ask our front desk for local seasonal recommendations for your interest or for assistance in booking your activities.
